The terms that are turned on are blue
Terms that are turned off are not blue

6. **'Assessment Calendar'** takes you to the daily breakdown of the Calendar with the Authenticity and Plagiarism statements at the top. In this view you can see if the task is over more than one day and see the specific due date if it is a one-day Assessment. Again, the colour matches the type of assessment.

8. The saved note will show on the day set in the **'Assessment Calendar'** and will then show in your own personal **'Daily Planner'**. You can also set up reminders for a specific date to show in your **'Daily Planner'**.

You should be reminded of these deadlines by your teachers in your lessons, but this can help you to plan well in advance the times when you may be busier than others to ensure that are prepared to meet your deadlines.

This is an active Calendar and can be updated as needed by your teachers. It is not advisable to print or sync this calendar as you may miss out on any changes.

You can add your own events such as sport activities which will have an impact on your ability to complete assessments so that you can ensure that you meet your deadlines.
